## Pattern Notes

- For reference, model is 5'6" tall, and wearing the crochet Open Mesh Top in a size M/L.
- Sizing listed in the pattern will be in X-Small/ Small, Medium/Large, XL/2XL, and 3XL/4XL listed in parenthesis such as (93, 103, 113, 123,) whereas 93 for size XS/S, 103 for size M/L, 113 for size XL/2XL, and 123 for size 3XL/4XL. When only one number is given, it pertains to all sizes. To follow the pattern more easily, I recommend to circle/highlight all numbers pertaining to your size before beginning the pattern.
- The fit of this top is very loose and slouchy. If you are in between sizes, I would suggest sizing down for a better fit.
- This top is worked in two identical panels: front and back panels are seamed at the shoulders and sides. Sleeves are worked by crocheting in the round.
- All sizing is true to size and based on the CYC sizing regulations.

## Pattern Instructions - Ribbing for Sleeves

### **Ribbing for Sleeves**

The ribbing is worked with a technique that allows it to be joined to the edge of the sleeve through slip stitches. I highly suggest watching the video tutorial **HERE** before you start to crochet the ribbing.

Ch.9

Row 1 - Start by making a sc in the 2nd ch from the hook. Continue making a sc all the way down the chain. You will have 8 sc.

Next, make a slip stitch in the next 2 sc of the edge of sleeve.

Row 2 - Turn work, skip the 2 slip stitches you made and work a sc blo in the next st and each st remaining of the row, working back up the band. (8)

Row 3 - Ch.1 turn, sc blo in every st down the row (8). Make a ss in the next 2 sc of the edge of the sleeve.

Continue repeating rows 2 and 3 vertically until you have worked all the way around the edge of the sleeve.

Join both ends of ribbing by either sewing or slip stitching ends together.

Repeat steps to work ribbing for other sleeve.

## Pattern Instructions - Ribbing for Bottom

### **Ribbing for bottom of the Open Mesh Top**

The bottom ribbing is crocheted in the same way as the Sleeve Ribbing.

Attach yarn to the edge of the bottom of the sweater.

Ch.9

Repeat the steps included in the ribbing for the sleeve cuffs. Work your way all the way around the bottom of the sweater. Join both ends of ribbing by either sewing or slip stitching ends together.

Weave in all ends!
